### **DIRECTOR LLOYD PROMOTES READING TO KERSHAW COUNTY STUDENTS**

Director Reggie Lloyd is excited to be a part of the Kershaw County School District's reading initiative by reading a Dr. Seuss book to first grade students at Lugoff Elementary School this Friday.

Lloyd joins other volunteers as they commemorate well-known children's author Dr. Seuss' upcoming birthday on March 2.

The event is part of the "Read Across America," program which is designed to promote reading at all grade levels.

Director Lloyd says, "It's an honor for me to instill a love of reading in these young minds. Everyone should be motivated enough pick up a book and devote time to reading to a child daily. This will set the foundation for children to become life-long readers. Their achievement can be passed down to their friends or siblings."

Director Lloyd will be reading to Ms. Kathy Kruel's class.

Please join SLED as it honors this worth-while program.

**For more information on the event, please contact Mary Anne Byrd with The Kershaw County School District at (803) 432-8416 ext. 1229.**
